Kikkoman Group Soybean Sourcing Guidelines

The Kikkoman Group (“the Group”), is committed to sourcing soybeans under the Kikkoman Group Sustainable Sourcing Policy.

The Group will:

1. Prioritize the sourcing of sustainable soybeans.
2. Not use soybeans sourced from illegal or unethical processes.
3. Ensure legal and ethical compliance by obtaining sustainability certifications when sourcing soybeans from areas at risk of illegal logging and deforestation.
4. Notify the Group’s soybean suppliers of these guidelines.
5. Work with suppliers to address sustainability issues should they be identified.
